

Workshops On Technology Innovation with Dr. Punya Mishra

Workshop for Teachers

- ✓ Develop understanding of TPACK (Technology Pedagogy Content Knowledge)
- ✓ Explore real ways to integrate ICT genuinely with content and pedagogy.
- ✓ Explore what creativity is and how it can be "taught" using digital tools

Who Should Attend?

K-12 Teachers and Teacher Leaders who want frameworks and toolkits to help blend technology into their discipline or age group

Workshop For Technology Leaders & School Administrators

- ✓ Understanding of and how to apply TPACK framework with teachers to enhance ability to deliver instruction for 21st century learners
- ✓ Assessment strategies to ensure professional development programs are meeting the needs of teachers
- ✓ Professional development strategies to best support authentic use of technology in various disciplines

Who Should Attend?

School Administrators who want to systematically infuse technology into learning, ICT Facilitators and Tech Coaches charged with training teachers

Who is Dr. Punya Mishra?

Dr. Punya Mishra is Professor of *Educational Technology* at Michigan State University where he directs the *Master of Arts in Educational Technology* program. He (with Dr. Matthew J. Koehler) co-chaired the SITE2011 conference and is former chair of the *Innovation & Technology Committee* of the American Association of Colleges of Teacher Education (AACTE). He is nationally and internationally recognized for his work on the theoretical, cognitive and social aspects related to the design and use of computer based learning environments. He has worked extensively in the area of technology integration in teacher education which led to the development (in collaboration with Dr. M. J. Koehler) of the *Technological Pedagogical Content Knowledge (TPACK)* framework, which has been described as being "the most significant advancement in the area of technology integration in the past 25 years." The readers and editors of *Technology and Learning* journal recently named Dr. Mishra as one of the *ten most influential people in educational technology*. He has received over \$4 million in grants, has published over 45 articles and book chapters and has edited two books. Dr. Mishra is an award winning instructor who teaches courses at both the masters and doctoral levels in the areas of educational technology, design, and creativity. Dr. Mishra is a gifted, creative and engaging public speaker, having made multiple keynote and invited presentations for associations and conferences nationally and internationally. He is also an accomplished visual artist and poet. You can find out more about him by going to <http://punyamishra.com/>
